Home Enrichment Activities - The Victorians

Below are some suggested activities for you to do at home with your child that will enhance their learning this half term:

- Look for clues that Bournemouth is a Victorian seaside town. Perhaps visit the garden of the Russell-Cotes Museum and look at the architecture.
- Research Victorian artists and produce a piece of artwork in a similar style.
- Make a poster to highlight safety when using electricity.
- Research Victorian inventions and use junk modelling to recreate your favourite!

- During Victorians times, there were great differences between what the wealthy and poor people ate. Research some typical Victorian recipes and have a go at recreating one of your choice!
- Before the days of computers and television, families made their own entertainment at home. Research Victorian parlour games and have a games afternoon or evening with your family.
- Read a Victorian-themed story/a story set during the Victorian era and see if you can identify features of this time period.

Autumn 1 Spellings:

Autumn 1 - Year 6 Spellings

The spelling patterns for this half-term are given below. These patterns will be taught in school weekly and children will practise these words as well as explore other words that follow the same pattern. There will be a weekly spelling test which will take place on a Thursday. In addition to this, each week, the children will have a selection of common exception words and homophones to practise in school but they can also go over these at home. It is important that the children practise applying these to their writing. A selection of these words will be assessed half-termly.
